Internet Explorer Setup Instructions – Windows 98 Only

**Please Note:** These are minimum setup instructions and do not cover all possibilities with regard to optimizing your internet connection or your Windows 98 operating system. CCTC cannot guarantee you connection reliability. We are able to provide only limited technical support via telephone if you have problems settings up your system. We will schedule you an appointment to come and set up the internet at an additional charge of \$32.00 an hour. This is billed in ¼ hour increments from the time we leave until we return to the office.
